

German Olympic Congress for Sports Medicine Specialists

Together for a healthy sport

24–26 May 2018 | University of Hamburg

Thursday | 24 May 2018

Friday and Saturday overleaf

	Session I	Session II	Session III	Session IV
11:00h	Biomechanics	Abstract presentations	Abstract presentations	GOTS Young Academy
12:00h				
Lunch break and industrial exhibition				
13:00h	Lunch symposia			
14:00h	Molecular and cellular base of dose response	Abstract presentations	Abstract presentations	GOTS Young Academy
15:00h				
Coffee break and industrial exhibition				
16:00h	Training of adipose tissue: "Browning of adipose tissue by exercise and nutrition"	Abstract presentations	Abstract presentations	GOTS Young Academy
17:00h				
18:00h	Poster session "Cheese & Wine & Posters"			
19:00h				
20:00h				

Status as at time of printing

Call for Abstracts

Please submit your abstract until 1 November 2017. The topics are:

- Work metabolism / metabolome
- Sport therapy
- Molecular and cellular aspect of exercise
- Prehabilitation / muscle preserving
- Performance diagnostic

24 – 26 Mai 2018 University of Hamburg

Visit

www.deutscher-olympischer-sportaerztekongress.de for your online submission.

- Muscle injuries
- ACL rupture: Primary and recurrent instabilities
- Meniscal lesions
- Shoulder instability / OSG-ankle
- Free topics

	Session I	Session II	Session III	Session IV	International Session
08:00h	Hypoxia / hyperoxia training	Microbiome and Exercise	Instructional course: muscle	Symposium guest society	Concussion in sports
09:00h					
Coffee break and industrial exhibition					
10:00h					Lectures Guests of honour
11:00h					
Lunch break and industrial exhibition					
Lunch symposia					
14:00h	Performance metabolism	Therapeutic value of sport therapy in cancer diseases – dose response	Abstract presentations: focus muscle	Abstract presentations: cruciate ligament lesions	Team handball – fast and spectacular
15:00h					
Coffee break and industrial exhibition					
16:00h	Neurodegenerative diseases	Tendinopathy	Symposium competition medicine	Instructional course: VKB	Extracellular matrix
17:00h					

Saturday | 26 May 2018

	Session I	Session II	Session III	Session IV	International Session
08:00h	Children and youth	Personalization of training	Abstract presentations: OSG	Abstract presentations: meniscus	International ACL Session
09:00h					
Coffee break and industrial exhibition					
10:00h	Performance diagnostic – new ways	Imaging methods in sport	Instructional course: OSG	Symposium DKG	Prehabilitation / muscle preserving
11:00h					
Lunch break and industrial exhibition					
Lunch symposia					
14:00h	“Sedentariness” – a risk factor?	Abstract presentations	Instructional course: hip		ACL Summit
End of congress					
15:00h
